DEVELOPMENT CAMPAIGN NEWS

ARTHUR HOWELL

John C. Spencer, Chairman of the Development Committee, spotlighted Arthur Howell in his February newsletter. This distinguished Princeton graduate and Atlanta lawyer has done many noteworthy things for Oglethorpe as Trustee but none so awesome as his having obtained the \$250,000 anonymous challenge matching pledge. The Development Committee continues an all-out effort to meet the challenge and Dr. Pinholster, Dean of Administration, has begun a program of involvement with the students and faculty at Oglethorpe to enlist their cooperation in securing the funds to realize this \$250,000 grant.

It seems fitting that we spotlight a Princeton man this month in view of Thornwell Jacobs' dream to produce a Princeton of the South. Arthur Howell (former Chairman of Oglethorpe's Board of Trustees) has the remarkable distinction of attending Harvard too; after which he was admitted to practice law in 1942. His firm's name is Jones, Bird and Howell. His son "Speed" (Arthur, Jr.) recently joined the firm fresh from Princeton where he was an outstanding member of the varsity tennis team. Another son, Richard, currently plays for Princeton. Tennis has been a family affair at the Howell house as Arthur, wife Carrie, and all six children have racked up enough trophies to fill one room of their home on Tuxedo Road. Carrie gets all the credit for tutoring the clan on their backyard court. Arthur is a director and counselor for Atlantic Steel Company; Vice President, Director of Creomulsion Company and Southwest Investors, Inc.; the General Chairman of United Appeal in 1955, and a Trustee of Atlanta Speech School, Morehouse, Westminster and Princeton to mention a few of his many activities. He is the past President of the Atlanta Lawyers Club, a Presbyterian (deacon), member of Phi Beta Kappa and the Piedmont, Commerce and Capital City Clubs. In the words of his loyal secretary, Mrs. Thompson, "In addition, he does practice law."

THE FLYING PETREL PROUDLY SPOTLIGHTS

Pat Stephens

these two youngsters were both Oglethorpe students and athletes. They cracked their skulls against the gym wall every day learning things like the Wheel, aggressiveness, discipline, continuity, spirit, and how to be a winner!

Pat Stephens began a training program with Goodbody & Company in Atlanta on March 2, 1970, to become a Registered Representative. He will complete the program on September 2, 1970. Pat and his family reside in Atlanta and he and wife, Sandra, keep busy these days with their 11 month old daughter, Susan. Pat left a very successful basketball coaching career at the University of Georgia to join Goodbody.

On the other hand, John Guthrie is finishing up his first season as Assistant Basketball Coach at the University of Georgia. He has played an important role in the success of this year's basketball program at Georgia. John's wife, Angela, is a graduate of Georgia State University and is currently teaching at Oglethorpe Elementary School in Athens.

Both Pat and John are not only highly respected in their professions but also as community leaders. They are winners in the truest sense while wearing Oglethorpe's label.

Oglethorpe College takes pride in saluting these two outstanding alumni.
